

## **Herbsmith See Spot Smile**

Treats lived up to their name; our tester's dogs smiled, drooled and did tricks for these treats with enthusiasm. These grain-free treats come in a variety of flavors, including Chicken with Apples & Spinach; Beef with Potatoes, Carrots, & Celery; and Duck with Oranges. We liked the simple packaging, easy-to-reseal design and thick plastic bag. The bag's durability proved useful, in fact; one of the tester's dogs climbed up on a table, grabbed the bag when no one was looking and shook, pawed at and played with the bag until treats came out.
